Atlantic Integrated Freight APS

Frontier Spirit, Global Reach,
A.I.F. Denmark

In 2019, **A.I.F. Demark** began operations in Copenhagen as the only Korean-owned forwarding company in the market, aiming to strengthen expertise and expand its logistics network.

A.I.F. Denmark serves as a strategic gateway connecting the Nordic region and Korea, providing customized international logistics services based on reliability and efficiency.

With the power of youth and innovation, A.I.F. Denmark will be a trusted partner in expanding our customers' markets into Northern Europe.

Our Specialty

Ocean Project Cargo Handling

We provide ocean freight services for heavy and oversized project cargo, along with comprehensive logistics solutions including terminal handling, loading and unloading, container stuffing, and packing.

Service Excellence Proven by Leading Companies

Since its establishment, A.I.F. Denmark has built a strong track record over the past eight years, handling 25,000 TEU of FCL and 30,000 CBM of LCL shipments. In particular, with specialized expertise in shipbuilding cargo, we have earned recognition for our high-quality services from leading companies in the shipbuilding industry.
